The Columbus Italian Festival

The Columbus Italian Festival celebrates Italian-American heritage at a time when immigrants face heightened challenges. We also acknowledge that the city of Columbus bears the name of Christopher Columbus, whose voyages connected continents but brought harm to Indigenous peoples, and we honor the Shawnee, Myaamia, Wyandot, and Delaware peoples, the original caretakers of this land.

Our Favorite Things

Our Big Purchase

Our **Garlic Olive Oil** actually gives off the flavor of pungent, fresh garlic. Since garlic and olive oil are almost always used together in Mediterranean cooking, you can use this in just about anything.

Made with all natural ingredients, our **Aged Fig Balsamic Vinegar** from Modena is thick, sweet, and bursting with mouthwatering fig flavor.
