

Ollie and Kellen at The Nut Tree

October 8, 2018

Train

Riders must be 42 inches tall to ride alone.
If you're less than 42 inches tall, you must
be accompanied by a responsible adult.

All riders must be able to board the train
themselves in order to ride in a seat alone.

All infants must be secured in an adult's lap.

Please follow the directions of the Train Conductor and Engineer.

Do not move from your seat once the ride is in motion.

Always stay seated and face forward.

Keep your head, arms, and legs inside the car at all times.

Please secure all loose articles and personal items.

Cameras and video equipment are not allowed on the ride.

Please no food, drink, or chewing gum on this Train.

The Train Engineer or Conductor reserves
the right to request an adult rider to accompany any
rider in question in regard to these rules.

For the safety of our guests you should be in good health to ride.
It is recommended that anyone with the following conditions
not ride: recent illness or surgery, heart disease, pregnant women,
recent neck, back, or bone injury, children or other riders not
possessing adequate upper body control to withstand forces during
the forward motion of the ride. All passenger restraints must be
positioned and fastened properly to allow the
QSI and State ride certifica-

The icons you see in today's plaza have been placed in honor and celebration of the original and historic Nut Tree Plaza design. The Ice Cream Pavilion, Plaza benches, train boarding station, and fireplaces were elegantly sited in veneration of outdoor living in northern California, and specifically the Nut Tree's hometown, Vacaville.

The Fireplaces were hand made from steel and were a favorite place on a chilly Vacaville evening to sit, chat, and be warmed by a fire. The Fireplace Plaza was a popular casual meeting place for residents and visitors to enjoy their favorite drinks as prepared by the Nut Tree restaurant.
